

**ROSE GOLD COLLECTION**  
AVAILABLE FOR ORDERS NOW

EVERY HOME DESERVES A WARM HEART

---

Dear customer,

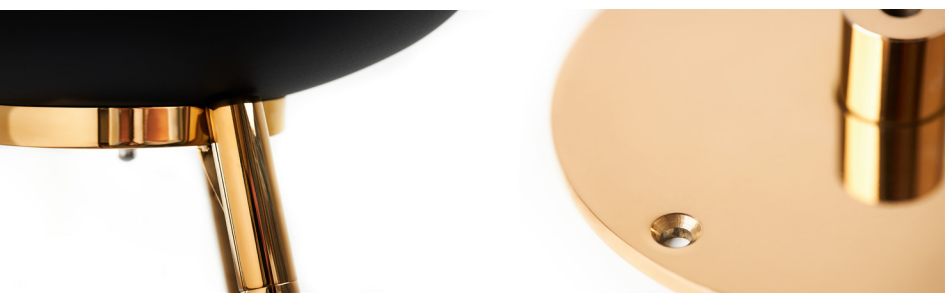

We are happy to announce that the new Rose Gold models are now available for orders.

We have big expectations for the Rose Gold models. They have been very well received by the dealers who have seen the collection.

The models will be online at your LeFeufires websites on the 1st of September. We will be creating a lot of hype and attention around these models with online campaigns across Europe.

The Rose Gold models are more expensive than the remaining collection. The production cost and time is higher. This collection is more exclusive and we believe that clients are willing to pay a little extra for this special collection.

Picture will be on our Skyfish database from September 1st.

We have a container with Rose Gold accessories arriving in Denmark on September 1st. And your orders will be shipped on this day. The demand for these accessories is very high, many customers have already indicated large orders. Please sent your order in ASAP. We expect the accessories from the 1 st container to be sold out very fast.
