DESIGN YOUR OWN FIRE EXTINGUISHER IN JUST 4 EASY STEPS.

With the unique custom build program from Nordic Flame our exclusive fire extinguishers can be personalized with your company logo and/ or name in several creative ways.

These customized products personify safety and care and offers eye-catching visibility for your brand for many years - since they are likely to be placed very well exposed.

This is a perfect gift for highly valued customers or business partners and an ideal item to market and sell along with your own brand name.

Contact us today for a free quote!

Our fire extinguishers are manufactured with the highest European quality standards and tested according to EN3

Delivery time custom made products 6-12 weeks depending the kind of personalization/ logo that is desired.

STEP 1 – BASE COLOR

Choose one of our stylish body colors with matching nozzle and handle.

- Classic shiny white
- Matte black
- Exclusive hand polished stainless steel

STEP 2 – LABEL

The label is the heart of our custom products. Choose a great looking high quality metal label with your individual branding and coloring, or pick a genuine leather label where we emboss or laser engrave your branding. Available in various shapes and sizes.

*You can also keep the stylish original Nordic Flame label in metal or leather and create your own branding via the options **strap (#3)** and/ or **packaging (#4)**.*

STEP 3 – STRAP

Choose an individual branded woven fabric strap in various colors or pick a genuine leather strap embossed or laser engraved with your company name. Available in various colors.

*You can also keep the stylish Nordic Flame strap (in fabric or leather) and create your own branding via options **label (#2)** and/ or **packaging (#4)**.*

STEP 4 – PACKAGING

The stylish arctic white original box comes with our Nordic Flame metal label. As a step in our custom program we can exchange this label and create your own branded metal label in order to make the box truly unique. Whichever option you chose the elegant packaging makes this product the perfect gift.

BRAND YOUR OWN FIRE BLANKET.

Compact, quick and accessible.

Your first line of defense against small fires.

A fire blanket is a very important safety tool used to extinguish minor fires by suffocating it. Ideal for the kitchen, fireplace, grill, car or camping. Easy to use with no training required.

With the unique custom build program from Nordic Flame our exclusive fire blankets, packed in stylish aluminum boxes, can be personalized with your company logo and/ or name.

These customized products personify safety and care. This is a perfect gift for highly valued customers or business partners and an ideal item to market and sell along with your own brand name.

Contact us today for a free quote!

Our Fire Blankets are tested and certified according to EN 1869.

**Delivery time custom made products
6-12 weeks depending the kind of
personalization/ logo that is desired.**

STEP 1 – BASE COLOR

Our fire blankets come in a stylish steel box with an embossed flame logo. Choose one of our attractive body colors:

- Shiny white - Silver
- Matte black - Silver
- Matte black - Gold

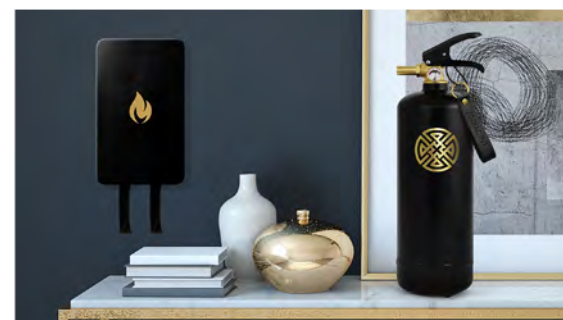

STEP 2 – PACKAGING

The stylish arctic white slide-out-box makes this product the perfect gift! It comes with our Nordic Flame metal label. Exchange this label with your own custom metal label to create your own individual packaging. The perfect gift for your customers, business partners or associates.

STEP 3 – PRINTING

Create your own unique flyer or leaflet with a personalized message to your customers, business partners or associates. We'll print and place it inside the packaging for maximum impact.
