With our unique custom build program, our exclusive and high quality fire safety products will guarantee your brand eye-catching visibility for many years since these products certainly will be placed very well exposed.

Fire extinguishers

- Manufactured by a leading, fully certified supplier of Fire Protection Equipment with over 40 years of experience.
- Produced with the highest quality criteria and tested according to the European standard EN 3 and CE marked
- Very effectively against all types of common household fires (ABC) – A = solids, B = liquids, C = gases
- Sustainable – Can be refilled after use by a service technician.
- Extremely long life time – We recommend a full service check every 10 years.
- Works at very low and high temperatures: -30 ° to + 60 ° C and therefore also suitable for use in vehicles or outdoor.
- 5-year-warranty against loss of pressure.
- Delivered with discrete wall mount, clear instructions of use printed on the product (rear) and a detailed user manual.
